

SOP

Bedding Conditioner... for a Healthier Environment

Within the first 5 months of **CONSISTENT SOP[®] use**, producers have recorded a reduction in...

- New cases of environmental mastitis
- Somatic cell score
- New cases of heel warts
- Scours and coughs in calves
- Crust and sediment in lagoons
- Ammonia odors

SOP results on a 1000-cow Lancaster, WI Dairy
Began using SOP - April 17, 2007

The results speak for themselves -

- Recorded a drop of 75,000 on Somatic Cell Count
- A savings of \$5,000/month on 1000 cows.
- **Total yearly savings \$60,000!**

Your cows deserve less stress and so do you!

Bovine Accellyte II is all you need
to help keep your cows cool

Bovine Accellyte II, with its unique formulation, helps restore electrolyte functions and water retention.
COWS STAY HYDRATED AND ON FEED!

"We definitely saw a positive response from feeding Bovine Accellyte II. It cut heat stress milk production losses in half! It's an easy, efficient and economical way to minimize the effects of heat stress and it is very simple to use."
